

PROMOTING EARLY CHILDHOOD DEVELOPMENT

Wayie ne Nyithindo!

The development of a child is part of good health

3 MONTHS	Follows objects with eyes 	Turns head toward sounds 	Holds head upright 	Smiles when you speak 	Reaches for objects 
	Babbles Ahahah... 	Rolls over 	Tries to get things out of reach 	Responds to caregiver emotions 	
	Sits without support Mamama... Babbles 	Picks up objects with two fingers 	Imitates sounds and gestures of caregiver 	Responds to own name Janet! 	
	Crawls and stands without support 	Says first words, waves "bye-bye" 	Searches for hidden objects 	Points to objects 	
	Walks supported by hand 	Says 2-3 words 	Feeds her/himself with a spoon 	Begins to point to body parts Where is your nose? 	
2 YEARS	Uses short sentences Nice chicken! 	Responds to requests Bring me 2 papayas, daughter. 	Builds towers of 4 or more blocks 	Imitates actions of adults 	
3 YEARS	Plays with other children 	Pretends to feed the doll 	Groups similar objects 	Begins to dress and undress by her/himself 	Says first name and tells a short story
